

In Science we were beginning to learn about 'animals including humans'.

Watch this video and power point, then try your activity.

What do pets need video (See post for link)

- What did you learn from this video?
- How can you be a good pet owner?
- What things are really important when you have a pet?

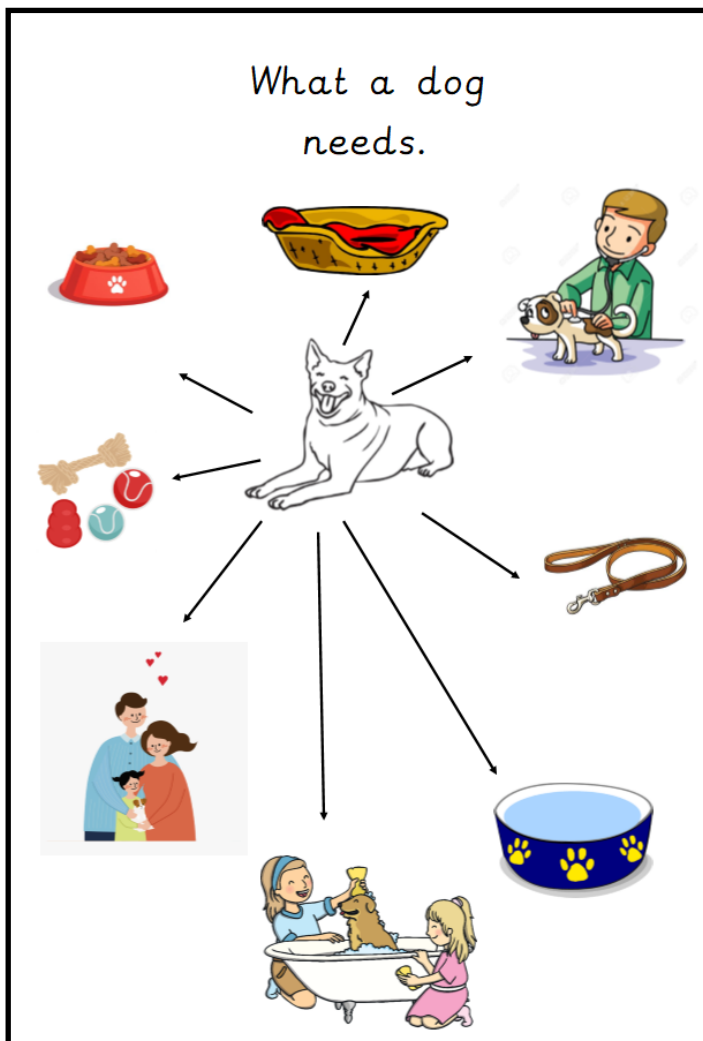

Your activity:

Choose a pet

Draw a picture of them

Around your picture, draw all of your pet's needs

Example:

Have you got a pet at home?
Show us a picture of how you look after your pet!

Challenge:
Label the needs you have drawn.
Write a sentence about what your pet needs.
Choose a different pet to do.
