

# THE BIG WHEEL

Dominic and Molly had been taken to the fairground for Molly's birthday treat. They decide to go on the Big Wheel. Read the script below to find out what happens to them.

The children climb into their seats and the fairground attendant locks the safety bar in place. The Big Wheel starts to move.

**Dominic** (excitedly) We are moving. This is brilliant!

**Molly** Wow! Look at the view!

The Big Wheel takes the children to the highest point above the fairground.

**Dominic** Oh, we've stopped.

**Molly** (patiently) Don't worry, it will start again in a minute.

**Dominic** We've been up here ages. I think we're stuck!

## Task

Your task is to continue the script explaining what happens to the children and how they get back down again.

*This is to help you plan.*
