

Beautiful Bubbles

Can you make your own bubble mixture?

You could use a recipe from below-

Red Ted Art DIY Bubble Solution

This bubble mixture recipe is endorsed by the SCIENCE MUSEUM in London! Ingredients:

- 500ml of warm water,
- 125ml of GOOD quality washing up liquid (in the UK the Fairy Liquid brand really is best)
- 2-3 table spoons of glycerine (glycerine makes the bubbles thick and last longer)

Recipe 1

You can usually find glycerine in the baking section of your supermarket.

No glycerine?

No problem.....

Fun Bubble Facts

Bubbles can be made without blowing! You can use the air around you to fill your bubble!

Children have been blowing bubbles for over 1000 years!

A long time ago, when families had no money for toys, they used to find a wire to twist into a circle and some soap for blowing bubbles.

Bubble blowers and wands are one of the oldest and most popular of children's toys!

Before washing-up liquid was invented children would use a bar of soap and water for their bubble mixture.

Guinness World Record Bubbles

15 years ago the world's biggest bubble was blown, Gary Pearlman used two fishing poles with string tied between as the bubble wand.

'Sam Sam the bubble man' set the Guinness World record for the most people inside a bubble! He enclosed 19 children inside, 14 years ago in 2006!
