

# Footprints in the mud

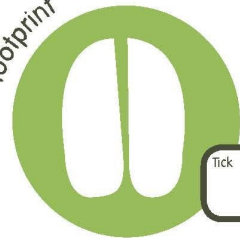

Animals often leave tracks or prints behind when they walk in mud or dirt. Can you spot these footprints on a visit to the deep dark wood?

Fox footprint

Deer footprint

Badger footprint

Human footprint

## Gruffalo claws!

What do you think the Gruffalo's footprint would look like? **Draw it here...**

Bird footprint

Why not use a stick to draw your Gruffalo footprint in some mud and leave it behind for others to find!
