3) Children will have many different answers for this activity.

1) There are two incorrect answers.

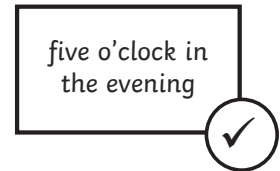

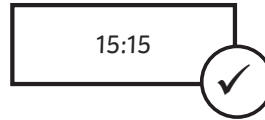

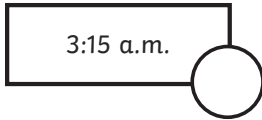

ten to 9 in the evening 21:50

The 24-hour time shown here is ten to ten in the evening. 9 o'clock is 21:00 in 24-hour time so 20:50 is the correct answer.

twenty minutes past 11 in the evening 11:20

Mitchell has written 11:20 in the morning. Twenty minutes past 11 in the evening is 23:20 in 24-hour time.

2)

b) The clock showing 4 o'clock is the one that it could be but you cannot be certain. If it was 4 o'clock in the morning, this is before 2 o'clock in the afternoon so it does not fit the time given. If it was 4 o'clock in the afternoon, it would fit the times given.

3) Both children are incorrect. 18:15 is the only time it could be.

1) a) Multiple answers possible, written in both 12-hour and 24-hour time. They range from 07:20 to 07:40 and 19:20 and 19:40.

b) It could not be 07:55 as the small hand of the clock would need to be just before the 8 and it is half way between the 7 and 8.

2) a) Sonia arrived at 16:00, Sarah arrived at 16:15 and Sandeep arrived at 16:10 so Sonia arrived first.

b) She was waiting 15 minutes for everyone else to arrive.

3) Multiple answers possible. For example:

	24-Hour Time	Time in Words
Before Midday	05:15	quarter past 5 in the morning
After Midday	20:26	twenty-six minutes past 8 in the evening
