

★ SUPER PENGUIN ★

John looks like an ordinary penguin

But when he removes his hat and glasses...

A text comes in - someone needs ... SUPER PENGUIN!

A nasty shark is after some cuddly penguins left all alone

Super Penguin grabs the shark and drags him miles away

The cuddly penguins send him another text...

1. Why do you think Super Penguin calls himself John and wears a hat and glasses?

2. What happens when he takes off his hat and glasses?

3. Why does he need a cloak to fly?

4. Why does he need to be faster than a rocket?

5. He can breathe without air. Where would that be useful?

6. In the third picture, he looks very serious. Why do you think that is?

7. Picture 4 makes it clear who the good guys are and who the bad guy is. How does it do that?

8. What super power has Super Penguin used in picture 4?

9. Which of his super powers is Super Penguin using in picture 5?

10. Why do you think the other two sharks are looking worried?

11. In the last picture why does he say: "This is worrying!"?
