

Year 5 – Keep learning

The idea of today is that you learn something new. This could be something you've always wanted to have a go at, or choose some of the ideas below.

- Create your own game (coding on Purple Mash)?

Why not have a go at creating your own game using some coding. You will need access to Purple Mash, so if you don't know your login please let us know. Follow Miss Harris as she creates a game, she will talk you through it step by step as she does it on her screen.
