

# DOUBLING NUMBERS USING TENS FRAMES

Example:

Double 2 = \_\_\_\_\_

## INSTRUCTIONS:

1. Look how many red dots are on the 1st tens frame.
2. Draw the **same** amount of dots on the 2nd tens frame.
3. Count how many dots altogether. This is your answer!

Double 4 = \_\_\_\_\_

Double 3 = \_\_\_\_\_

Double 9 = \_\_\_\_\_

Double 5 = \_\_\_\_\_

Double 6 = \_\_\_\_\_

Double 8 = \_\_\_\_\_
