Friday - Maths

Today we are going to be using our knowledge of doubling to solve some word problems. Remember when we look at word problems, you need to circle numbers or information from the problem. Have a go at writing the number sentence to match each one and then solve it.

Tom doubled **7** in his head.

What number did he get? ____ + ____ = _____

Sally had **9** apples. Her sister had double the amount. How many apples did her sister have?

____ + ____ = _____

Charlie spent **6p**. Fred spent double that.

How much did Fred spend?

____ + ____ = _____

One jug holds **5** cups of orange juice.

How many cups of orange juice do **2** jugs hold?

____ + ____ = _____
