Rainforest Leaf Story

You will need:

- **Rainforest Leaf Template**
- Green paper or card (several sheets per child)
- Scissors
- Pencil
- Hole punch or stapler (optional)
- Treasury tags (two per child, if using a hole punch)

1. Carefully, cut out the **Rainforest Leaf Template**. You may wish to print it on card to make it easier to draw around.
2. Draw around the template onto a piece of green paper or card.
3. Carefully, cut out your green leaf page.
4. Repeat steps 1 to 3. Each leaf will be a page in your book. You can choose how many pages you need.
5. Write your rainforest story on your leaves. Be as creative as you can! You might want to use line guides or draw your own lines to keep your writing neat.
6. Ask an adult to help you attach your leaf pages together to create your book. You could staple the pages together or use a hole punch.
7. If using a hole punch, punch two holes in the side of your leaf pages. Push treasury tags through the holes to secure the pages together.
8. Display your Rainforest Leaf Story for your friends to read and enjoy! You could even make more and create a library, just like Doris the loris!
